I _____ would like to pledge this \$20 annual membership fee to the Master of Towing Vessels Association. All funds collected are expected to be used in supporting the association, the website, advertising, recruiting of more members and any future goals that the majority of members vote to pursue. In joining I wish to support the other members in the common goal of:

1. Making the towing industry more appealing to mariners currently in the industry.
2. Sharing information on the current environment of the towing industry as well as its licensing, regulation, and manning issues.
3. Retaining and preserving the traditional practices and skills of the towboat industry and gleaning knowledge from those captains soon retiring with 30 – 40 years at sea.
4. Making the T.O.A.R training program more appealing to new recruits for the industry.
